**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1, 7, 8, 10, 15, 16 are rejected under 35 U.S.C. 102(b) as being anticipated by Perry (U.S. 5,163,890). Please refer to paragraph 2 of the office action dated May 13, 2007. Note language requires seat back to be *maintainable* in a vertical position. A user could utilize their own balance and strength to maintain the device in a vertical position. Applicant has failed to positively claim structure, which would maintain the seat back in a vertical position.

***Claim Rejections - 35 USC § 103***

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 1-2, 6, 9-10, 13-14, 17-19, and 21-23 are rejected under 35 U.S.C. 103(a) as being unpatentable over Mahvi in view of Atwood (U.S. 5,122,106). Please refer to paragraph 4 of the above cited office action. Note that Mahvi is capable of being rearwardly inclined and that the seat back does extend above the leg board.
5. Claims 3 and 11 are rejected under 35 U.S.C. 103(a) as being unpatentable over Perry alone. Please refer to paragraph 5 of the above cited office action.

6. Claim 24 is rejected under 35 U.S.C. 103(a) as being unpatentable over Mahvi in view of Atwood as applied to claim 17 above, and further in view of Wolff (U.S. 4,654,205). Please refer to paragraph 7 of the above cited office action.

### ***Response to Arguments***

7. Applicant's arguments filed 08/20/2007 have been fully considered but they are not persuasive. Applicant's arguments with respect to Perry are not persuasive. As noted above, the language states 'maintainable in a substantially vertical position...', but fails to teach the device maintained in a position, and further fails to claim *how* it is maintained in such a position. The lack of positively recited structure fails to distinguish the current claims from Perry. With respect to arguments drawn to Mahvi and Atwood, Applicant's arguments amount to an individual attack on the references, and therefore is not persuasive.

### ***Conclusion***

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

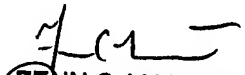

Art Unit: 3764

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
